

The Principles of Bible Study

Hermeneutics is the discipline dealing with interpretation; the science of how to study the Bible. There are approximately twenty-five different hermeneutical principles. Below, you will see ten of the twenty-five you will most often utilize in personal Bible study.

- 1. The Inductive Bible Study Principle**
- 2. The Historical-Grammatical-Linguistic Principle**
- 3. The Context Principle**
- 4. The First Mention Principle**
- 5. The Progressive Mention Principle**
- 6. The Full Mention Principle**
- 7. The Christo-Centric Principle**
- 8. The Typical Principle**
- 9. The Three-fold Principle**
- 10. The Application Principle**
